Objective

I am looking for a position where I can contribute my talents and skills in a way that will serve an organization and where I will be able to remain a team player continuously learning and taking up new challenges.

Education

B.Tech in Computer Science and Engineering, GITAM Deemed University, Bengaluru

CGPA: 8.8 (up to 7th Sem)

Related Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Machine Learning, Artificial Intelligence, Web Development

Projects

Sentiment Analysis using Machine Learning | [Visit](#)

- Developed a sentiment classification system to predict polarity (positive, negative, neutral) using Python, NLP, and Scikit-learn.
- Implemented preprocessing pipeline with tokenization, stop word removal, and TF-IDF vectorization to improve text representation.
- Trained and evaluated a Logistic Regression model, achieving high accuracy on test datasets.

Robust OCR for Skewed and Distorted Agro-Product Labels | [Visit](#)

- Designed a multilingual OCR pipeline integrating EAST (Text Detector) and TrOCR (Text Recognizer) for agro-product labels.
- Optimized recognition under skew, rotation, and low-light conditions, achieving an F1-score of 0.89 on a 3,500-image dataset across 6 Indian languages.
- Applied deep learning and image processing techniques to enhance robustness in real-world scenarios.

Research Publication

Robust OCR for Skewed and Distorted Agro-Product Labels

Co-authored with Dr. N. Shobha Rani, MURTI Research Center, GITAM University.

Demonstrated improved text detection and recognition on a 3,500-image dataset using EAST + TrOCR.

Status: Submitted for publication.

Skills

Languages: C, Python, Data Structures

Web Development: HTML, CSS

AI/ML: Deep Learning, Image Processing, AI-ML

Tools: Git, Google Colab

Databases: MySQL

Training & Certifications

- Google Cloud Computing Foundations & Generative AI (2025). | [Link](#)
- ACM Winter School on Explainable AI, SRM University-AP (Dec 2024). | [Link](#)
- CODE-A-THON Participant, GITAM University (2024). | [Link](#)
- Internal Smart India Hackathon, GITAM University (2023). | [Link](#)

Areas of Interest

Artificial Intelligence & Machine Learning, Web Development, **Software Engineering**.
